Recycle at work

1. Bring your lunch in a reusable container
2. Don't buy a cup of coffee on the way, bring a travel mug (this saves you money, too!)
3. Print only what you need - keep it electronic
4. Print on both sides of the paper
5. Turn off lights & electronics that aren't in use
6. Know what to recycle - paper, cardboard, ink cartridges, old cell phones, & many others
7. Do your part - if recycling isn't in place at your job, be the one to start!
8. Share your knowledge & joy of recycling with your co-workers. It's contagious!
